

AFFILIATES ARE WELCOME

The WVAHI has opened its Membership to Professionals within the Real Estate Community in order to establish a mutual dialog to improve the process of Buying and Selling Real Estate.

ABOUT WVAHI

► On October 16, 2001, a group of professional home inspectors established the West Virginia Association of Home Inspectors. The goal of this group is to provide quality home inspections thru a "Not for Profit" organization. We dedicated our time to the advancement of the Home Inspection Association.

► We meet once a year at our Winter Training Seminar in Flatwoods, West Virginia where we combine our Annual Business Association meeting along with our Annual required 16 hours of Continuing Education. We are trying to establish web based Bi-monthly meetings.

► To get on the mailing list: Send your name & address to info@advantagehomewv.com requesting to get on the [WVAHI Mailing List](#).

► For the [Web Site listings & info](#) contact Greg Jenkins at brightside@suddenlink.net

► We therefore invite you to be part of our forum and help us grow our profession.

OUR CODE OF ETHICS

The WVAHI standards of practice and Code of Ethics set the standard for WVAHI member inspectors. By following these standards, we help ensure the general public that inspections will provide a level of security which can be measured, monitored, and enforced. To view and download a copy of the WVAHI Code of Ethics and Standards of Practice, please visit:
